THE GEESE AND THE AUTO.

Last Sunday night, the 23rd, 'dis said, An auto down Headland Avenue sped. Owing to the speed the bugz wagon made, Think it must have come via Poplar Head.

Whizz by the "Greasy Doy" and depot they flew, Mr. Lightning, or Electricity, I couldn't tell who, There is one thing sure, they were running, Oh, my! It took me and three others, to see them go by.

After crossing the railroad, a signal they blew, Three geese tried to cross Headland Avenue Abend of this auto, but Twas all in vain, Said later they thought Itwas a Coast Line train.

It knocked one west, the other two south, The one that went west, simply opened his month; Hollered to the other two, hurry, get off the track, Their beneheads are lost they are liable to turn back.

After a few minutes of kicking and fluttering jumped up and walked off, shaking and muttering; One said to the other two. "Do as you d---- please, But I can stay off Headland avenue now with ease." When the geese were seen Monday, feathers were scarce Said some auto drivers are comething fierce. There's one thing sure, this car again we see, It's to the tall timber or Europe for us three.

Automobile Tire Prices LOWER

We Give Below

Our Reduced Prices on Standard Guaranteed Tires and Tubes

Although practically every Rubber Company in the United States manufacturing Automobile tires increased their price last week from 12 1-2 to 20 per cent, we protected our interest as well as that of the trade and bought a large quantity just before the raise and we are therefore in position to offer you these low prices which is a very large discount from the old price list.
